CARING COMPANIONS IN-HOME SENIOR CARE · SERVICE AGREEMENT

Client Care Agreement

Please review this agreement carefully, as it sets forth the understanding between you ("Client") and Troutman Enterprises, LLC DBA Caring Companions ("Agency") regarding the services you have requested, and we will provide for you. If you have any questions, concerns or issues about the content of this Agreement please contact us for clarification before signing it. The purpose of this service plan is to establish an agreement between the client, or client's representative, and the home care provider regarding services to be provided.

This agreement is made this _____ day of _____, 20____ ("Effective Date") by and between Caring Companions and the Client named below, on the terms and conditions set out below.

CLIENT

Client's name _____ Spouse _____

Address _____ City _____ Zip _____

Phone number _____

PERSON WITH AUTHORITY TO SIGN ON MY BEHALF IN CASE OF EMERGENCY (POA) · WRITE N/A IF NOT APPLICABLE

Name _____ Relationship _____

Cell phone _____ Email _____

If signing on behalf of the Client: I certify I have legal authority to sign for the Client. **Initials** _____

Emergency contacts and permissions. The people Caring Companions may contact in an emergency, and what each of them may see and receive about my care, are listed on **Exhibit I, Contacts & Permissions**, which I sign separately and can update at any time.

1 Services Requested

We will provide the non-medical services ("Services") requested and agreed upon. Clients whose care is authorized by the VA also sign the separate VA Community Care Addendum, and clients receiving Medicare GUIDE respite also sign the separate Medicare GUIDE Respite Addendum. Clients enrolled in Early Support Visits also complete Exhibit J. The preferred day, time and duration of services will be mutually agreed upon by you and/or your representative and the agency.

2 Billing, Rates & Payment Responsibilities

Clients are responsible for all charges associated with their care. Caring Companions uses a tiered pricing structure based on the Client's assessed level of care. The following policies apply:

1. Hourly rate based on level of care

Based on the Client's assessment and identified care needs, the Client is assigned to the following level of care:

LEVEL OF CARE ASSIGNED

☐ Wellness Care ☐ Personal Care ☐ Advanced Care

Hourly rate $ _____

The Client acknowledges that Caring Companions determines level of care based on the initial assessment, ongoing observations, and any changes in condition. Levels and rates may change if care needs increase or decrease, with written notice provided to the Client/Responsible Party.

2. Minimum hours per visit

All visits require a minimum of four (4) hours per shift. Scheduled care also requires a minimum of eight (8) hours per week, except for a Client enrolled in Early Support Visits (Exhibit J). Shifts under four hours may be approved at the Agency's discretion. Any approved shift under four hours is billed at the Client's hourly rate plus $5.00 per hour, for every hour of that shift. If the Client sends a caregiver home before the end of a scheduled visit, the visit is billed at the four-hour minimum.

Early Support Visits (Exhibit J). A Client enrolled in Early Support Visits has one four (4) hour visit once a month at $152 per visit, or every other week at $140 per visit. A one-time assessment and setup fee of $99 is billed with the first visit. The full terms are in Exhibit J.

3. Couple care / two-client care rate

When services are provided to more than one individual in the same household:

A. Standard household support for a couple. If the caregiver is providing shared household tasks (e.g., cooking, cleaning, errands), the standard hourly rate applies.

B. Enhanced couple care rate. If both individuals require personal care, dementia care, full ADL assistance, or hands-on supervision, services will be billed at 1.5 × the applicable hourly rate.

4. Billing procedures

Clients will be billed weekly for services provided during the prior week. The billing cycle runs Monday through Sunday. The Client/Responsible Party agrees to:

- Complete the Credit Card Authorization Form, and
- Check the box authorizing the Agency to "use the above credit card for all future invoices, until further notice."

This ensures the Client's account remains current so that services can continue uninterrupted. Billing amounts are based on the clock-in and clock-out times recorded by the caregiver through the Agency's timekeeping system. Rates for couples requiring personal care for both individuals are billed at 1.5× the hourly rate as noted above.

5. Acknowledgment of rate sheet (Exhibit A)

☐ The Client/Responsible Party acknowledges receipt of the Caring Companions Rate Sheet (Exhibit A), which lists all current hourly rates and fees.

6. Overtime

We are required by law to pay our employees time-and-a-half if they work more than 40 hours per week. To accommodate the rates you have been quoted, we will manage your care in such a way that the employee does not work more than 40 hours in any Monday through Sunday week. If you would like a given caregiver to be assigned to work when it means they will be accruing overtime pay (and they are willing to work the overtime), you will be charged time-and-a-half.

7. Holidays

Designated holidays are New Year's Day, Juneteenth, Easter Sunday, Memorial Day, July Fourth, Labor Day, Thanksgiving and Christmas Day.

8. Cancellations

Cancellations may be made up to 24 hours in advance of a scheduled visit without charge. Cancellations with less than 24 hours' notice are billed at two (2) hours. In the event that a caregiver fails to arrive at the care recipient's home, we will make every effort to find a replacement as quickly as possible. If a replacement is not found or if the caregiver alters the predetermined weekly schedule in some way, we will adjust the amount that you are billed accordingly.

Any medication assistance beyond reminders must be completed by a licensed nurse.

12 Electronic Visit Verification (EVV)

To comply with state and federal requirements, Caring Companions uses an Electronic Visit Verification ("EVV") system to record the start and end time of each visit, the location of service delivery, and tasks performed. The Client/Responsible Party understands and agrees to the following:

- Caregivers must clock in and out using the Agency's EVV system at the beginning and end of each visit.
- Billing is based solely on EVV-verified time, not verbal reporting, memory-based times, or handwritten logs.
- Clients/Responsible Parties may not request or encourage caregivers to: clock in early or clock out late; report time not actually worked; skip EVV requirements; or record hours while the caregiver is not present.
- If a caregiver cannot clock in due to a technical issue, the Client/Responsible Party must confirm the caregiver's presence at the start and end of the visit when the caregiver asks the client to sign their EVV Correction form and/or when contacted by the Agency.
- Any falsification of time, or requests to falsify time, may result in: immediate suspension or termination of services; removal of the assigned caregiver; mandatory reporting to the payer or law enforcement (when applicable).

"Share with my family" means photos sent privately to people I have authorized in my Family Circle and kept in my client record. "Marketing" means use in promotional materials, print publications, websites and social media. I understand that:

14 Authorization for Payment

I authorize release of all records required to act on this request. I request that payment of authorized benefits from Insurance, Self Pay, or other responsible payer sources be made in my behalf to Caring Companions. I understand that I am responsible for all amounts not paid by my insurance. If I am a private pay client, I agree to pay for all services rendered by the agency.

15 Complaints and Concerns

Caring Companions encourages open communication and wants all concerns addressed promptly. Clients, Responsible Parties, and family members may report complaints directly to the Agency at any time. If you ever have a concern related to safety, rights, professionalism, or the quality of services, please contact our office immediately so we may resolve the issue quickly.

> In addition, you have the right to report suspected abuse, neglect, or exploitation to the State of Missouri at any time: **Adult Abuse & Neglect Hotline (24/7): 1-800-392-0210.** This hotline is operated by the Missouri Department of Health and Senior Services. Calling the hotline does not affect your eligibility for services.

Authorization to obtain and release information. By signing this Agreement, I consent to admission with Caring Companions and authorize the Agency to obtain and release any information necessary to coordinate, provide, supervise, or bill for my care. This includes communication with physicians, case managers, hospitals, payor sources, and other professionals directly involved in my services. I acknowledge and agree to the following:

- **Care Plan changes.** I understand that my Care Plan may change if my care needs change, if safety or health concerns arise, or if payor requirements (insurance, VA or private pay) limit or modify authorized tasks. I will be notified of any changes to my Care Plan.
- **Care coordination & supervision.** Caring Companions will supervise and oversee the services provided to me, including ongoing monitoring, staff support, and quality assurance activities.
- **Right to refuse services.** I understand that I may refuse any service or task at any time. I also understand that refusing services may impact my safety or eligibility for certain programs, and the Agency may need to update or reduce services accordingly.
- **Information sharing.** I authorize the Agency to share relevant care information with my designated representatives, payor sources (LTC Insurance, VA), authorized case managers, and others involved in my care, solely for purposes of treatment, service coordination, billing, and compliance.

21 Termination

The Client may end services at any time. If the Client knows of a change ahead of time, the Agency asks for two (2) calendar weeks’ notice so it can plan for its caregivers, and understands that many times there is no notice. The Agency may terminate this agreement upon two (2) calendar weeks’ written notice to the Client. If either party terminates this Agreement, all fees due at time of termination will be due and payable by you immediately. We will immediately refund any prepaid fees. Exceptions to the Agency’s two weeks’ notice would include:

- When care needs undergo a change, which necessitates transfer to a higher level of care.
- When there is documented non-compliance of the Care Plan or Service Agreement (including non-payment of justified charges).
- When the activities or circumstances in the home jeopardize the welfare and safety of the caregiver.

22 Governing Law

The laws of the State of Missouri govern this agreement.

1. Acknowledgment of infectious disease risk

The Client and/or Responsible Party understands:

- In-home care requires close physical proximity between caregivers and clients.
- Infectious diseases, including COVID-19, influenza, RSV, MRSA, and other communicable illnesses, may be transmitted despite precautions.
- Caregivers may unknowingly be exposed to or carry infectious illnesses even when asymptomatic.
- Receiving in-home care always carries inherent risk of exposure that cannot be fully eliminated.

The Client/Responsible Party agrees to:

- Notify the Agency immediately of any suspected or confirmed illness in the household.

EXHIBIT H

Non-Solicitation & Direct Hire Addendum

This Exhibit outlines the Client's agreement not to directly hire, contract, or solicit Caring Companions employees outside of the Agency's services. This protects continuity of care, maintains proper insurance coverage, and ensures compliance with federal and state employment laws.

1. Purpose of this addendum

Caring Companions invests substantial resources into recruiting, training, background screening, supervising, and retaining its caregivers. This Addendum ensures that caregivers provided by the Agency are not hired, solicited, or contracted privately by Clients or their families outside of Caring Companions.

2. Non-solicitation requirement

The Client agrees not to directly hire, solicit, or engage any caregiver, employee, or contractor introduced, referred, or assigned by Caring Companions, during services and for a period of two (2) years following the last date services were provided by the Agency. This includes any attempt to:

- Hire the caregiver directly
- Offer or request private employment
- Encourage the caregiver to resign from the Agency
- Engage the caregiver "off the books," privately, or through another party
- Reduce or eliminate Agency involvement while retaining the caregiver privately

3. Prohibited conduct

The Client agrees NOT to:

- Pay a caregiver directly for any services
- Offer private work or accept offers of private work
- Engage a caregiver for tasks or hours not scheduled through the Agency
- Provide gifts, payments, or benefits in exchange for private services
- Use the caregiver for work in another household, business, or location
- Employ the caregiver through a friend, relative, or third party

ANY arrangement outside of Caring Companions is strictly prohibited.

4. Liquidated damages fee (required if Client violates this agreement)

If the Client hires or attempts to hire any Agency caregiver in violation of this Addendum, the Client agrees to pay the Agency: **$5,000.00 per affected caregiver.** This fee is:

- A reasonable estimate of damages
- Enforceable under Missouri contract law
- Necessary to cover recruitment, onboarding, training, and workforce losses
- Due immediately upon hiring or engagement of the caregiver outside the Agency

This fee applies even if:

- The Client no longer receives services
- The caregiver no longer works for the Agency
- The arrangement is temporary, part-time, or "only helping out"
- The Client claims they did not know the rule

5. Exceptions (if Client wishes to hire the caregiver legally)

If a Client desires to employ a caregiver directly, the Client must:

- Submit a written request to Caring Companions, AND
- Receive written approval from an Agency Administrator, AND
- Pay the $5,000.00 release fee before the caregiver may begin working privately.

This process is required to ensure:

- Compliance with IRS household employer laws
- Worker's compensation coverage
- Fair labor standards
- Protection for both the Client and the caregiver

Without completing this process, ALL direct-hire arrangements are considered unauthorized.

6. Term of agreement

This Non-Solicitation Addendum remains in effect:

- During all services
- While the Client has a current or pending relationship with the Agency
- For two (2) years after the last date the caregiver provided services under Caring Companions

7. Acknowledgment

By signing the Service Agreement, the Client acknowledges and agrees to this Non-Solicitation & Direct Hire Addendum (Exhibit H), and understands that violation will result in the fee described above.

EXHIBIT J

Early Support Visits

Early Support Visits by Caring Companions is a program of occasional, non-medical visits for older adults who manage their own daily lives. This Exhibit applies only when the box below is ticked. Where this Exhibit and the rest of the Agreement differ, this Exhibit applies to Early Support Visits. Everything else in the Agreement stays in effect.

☐ **The Client is enrolling in Early Support Visits.** If this box is not ticked, Exhibit J does not apply.

1. Who it is for

Early Support Visits are for a Client who:

- Manages bathing, dressing, using the toilet and taking their own medicines without help;
- Can be safely alone between visits; and
- Does not need hands-on personal care.

The Agency decides whether the program is a fit at the in-home assessment and may review that at any time.

2. Your visits

Each visit is four (4) hours. The Client chooses one schedule:

☐ Once a month ☐ Every other week

Regular visit day and time _____

The Client and the Agency work together to find a regular visit day and time that fits the Client's schedule and the Agency's caregiver availability. Visits are not booked visit by visit.

3. Minimum hours

The eight (8) hour weekly minimum in the Agreement does not apply to Early Support Visits. The four (4) hour minimum per visit still applies.

4. Prices and payment

SCHEDULE	PRICE PER FOUR-HOUR VISIT	HOURLY RATE
Once a month	**$152**	**$38**
Every other week	**$140**	**$35**

- A one-time assessment and setup fee of $99 is billed with the Client's first visit. It covers the in-home assessment and the Client's personal care plan, and it is separate from the price of visits. A Client who has the assessment and does not start visits is not charged.
- Time beyond four hours, when a caregiver is available, is billed in whole hours at the hourly rate for the Client's schedule.
- The Client may ask for an extra visit. When a caregiver is available, an extra visit is billed at the visit price for the Client's schedule. Extra visits are not guaranteed. The visit price changes only if the Client sets up a different ongoing schedule.
- Visits are billed on the weekly invoice. Holiday rates, mileage, payment methods and card fees follow the Agreement.

- These prices apply only to Early Support Visits.

5. Moving, pausing and closing

- **Moving a visit.** With 24 hours' notice or more, a visit may be moved to the next open time at no charge.
- **Late notice.** A visit cancelled with less than 24 hours' notice, or when no one is home, is billed at two (2) hours, as in the Agreement's Cancellations item.
- **Pausing.** The Client may pause visits for up to 60 days by telling the office.
- **Closing.** If 60 days pass with no visit and no pause arranged, the office will call the Client and may then close the Client's place in the program.
- **Coming back.** A Client who returns within six (6) months pays no new assessment and setup fee.

6. What a visit covers

The Client's care plan lists what each visit usually includes, chosen from:

- Dishes, kitchen cleanup, and wiping counters and surfaces
- Sweeping, vacuuming and routine mopping of the rooms in daily use
- Routine bathroom cleaning
- Laundry and changing bed linens
- Tidying and light household organizing
- Preparing a meal, and meals to put away for later
- Errands or a ride, as the Agreement allows
- Good company, which happens alongside everything above

A visit helps the Client keep a comfortable home from one visit to the next. The Client chooses what matters most that day, and the caregiver does what fits in the visit at a steady pace. The Client is home during the visit and supplies the cleaning products.

7. What a visit does not cover

Early Support Visits do not include work a cleaning company would be hired for, such as whole-house deep cleaning, catching up on cleaning that has built up over weeks, carpet or upholstery cleaning, outside windows, walls, garages or attics, moving furniture or heavy lifting, or pest or clutter cleanup. If a home needs that work, the Agency will say so and suggest a cleaning company. Early Support Visits also do not include hands-on personal care. Exhibit B applies to these visits as well.

8. Your caregivers

The Agency aims to send a caregiver the Client knows. Visits may be provided by different members of the care team, and the same caregiver is not guaranteed. Every caregiver is an Agency employee who has passed the Agency's background checks and is told about the Client's care plan before the visit. When possible, the office tells the Client beforehand who is coming.

9. Updates to family

☐ The Client asks the Agency to send a short update after each visit to the people named here.

Name _____ Phone or email _____

Name _____ Phone or email _____

An update says what the caregiver helped with, how the visit went, and anything the caregiver noticed that seemed worth mentioning. The Client may change or stop these updates at any time by telling the office.

10. What these visits are not

Early Support Visits are non-medical. Caregivers do not give medical care, assess health, or monitor a medical condition. Updates are a caregiver's everyday observations. They are not a medical opinion, and the Agency does

not promise that a visit or an update will notice every change in the Client's health, safety or abilities. In an emergency, call 911.

11. If needs change

If the Client begins to need hands-on personal care, help every week, or more hours than this program offers, the Agency will talk with the Client and, with permission, the family. The Client may move to the Agency's regular home care under the Agreement at the regular rates and minimums, with no new assessment and setup fee. The Agency reviews each Client's care plan about every six months, and sooner after a fall, a hospital stay or a change a caregiver reports. A Client is welcome to stay in Early Support Visits for as long as the program fits.

12. Acknowledgment

By signing the Service Agreement, a Client who has ticked the box at the top of this Exhibit acknowledges and agrees to this Early Support Visits Exhibit (Exhibit J).
