GOOD DAYS OUT

When driving stops, the week shouldn't shrink to the living room.

A visit from our caregivers isn't only help around the house. It can be an afternoon at the Library Center, lunch and cards at the Northview Center, a slow walk through the Mizumoto Japanese Stroll Garden, or a lap of the paved trail at Lake Springfield.

We drive · **We stay beside them** · **We bring them home**

People to talk to
Lunch at a senior center, a library book club.

Moving more
Easy paved walks and classes made for older adults.

Learning & doing
Museums, local history, crafts and library tech help.

Still part of things
Farmers markets, festivals and church events.

Fresh air
Parks, gardens and a bench on the greenway.

HOW OUTINGS WORK

- Outings happen during scheduled visits, weekdays or weekends
- You approve each place before we go
- The caregiver drives and stays with them the whole time
- Admission, meals and class fees are paid by the family
- On hot or icy days, we swap in an indoor plan
